Technical: Couet-Lannes Hélène / +33 6 78 92 45 37 / techniquebakeke@gmail.com

Artistic: Fabrizio Rosselli / +33 (0)6 99 00 35 98 / fabrizio.rosselli@yahoo.it

CONDITIONS :

30 min. All public, from 5 years old

2 représentations max/day

Ideal playing times: at 11am and at 5pm

TEAM:

1, 2 or 3 people on tour

-1 artist.

-1 technician

-1 person in charge of diffusion (occasionally).

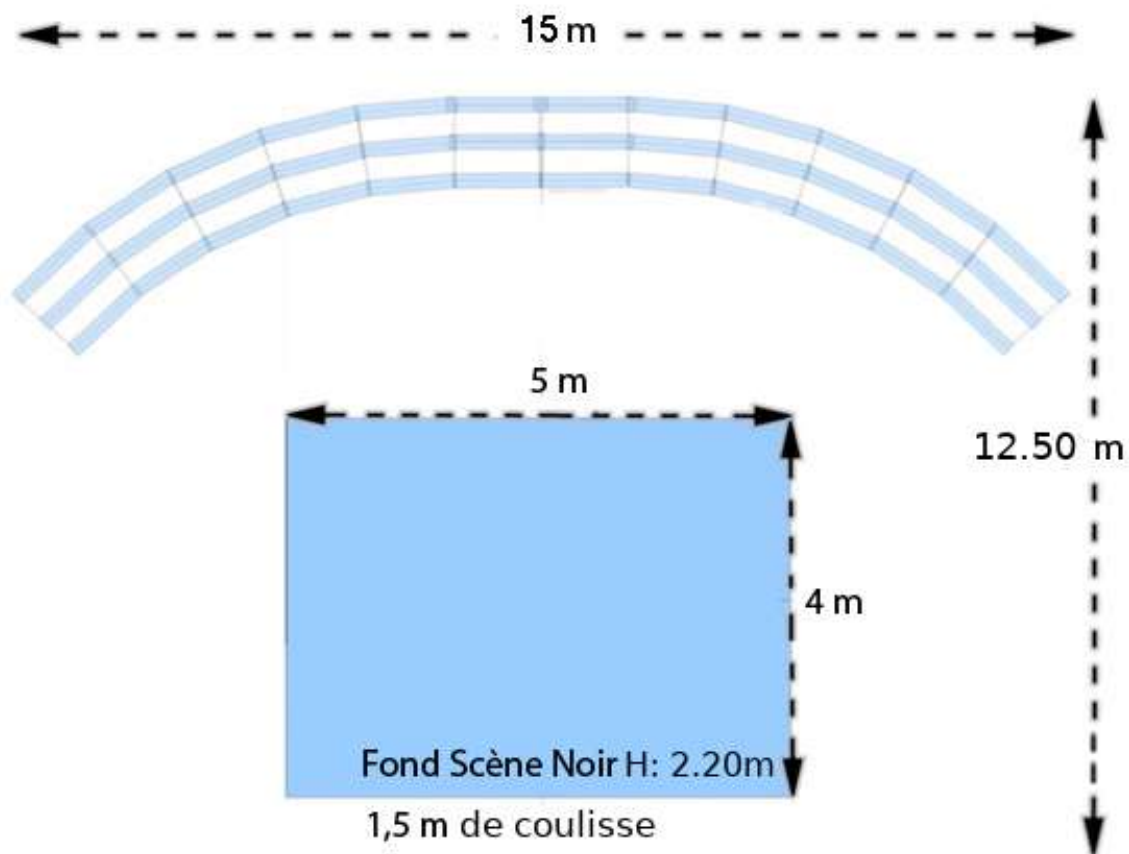

Vehicle: Provide access and free and easy parking near the place of play for a van and a guarded or secure parking for the night.

IMPLANTATION SPACE:

Implantation on a flat and horizontal ground

To envisage a closed place with the back, calm, intimate and protected :

- Wind and rain (provide a place to fall back)
- The sun (the buckets are plastics and heat extremely fast in the sun)

Minimum required area: 15m x 11m (= slide + stage space + ground seats + bench).

Minimum Height 5m.

Non-pinch autonomous structure.

Steps does not require the passage of a safety commission. (Height of the highest row 65 centimeters).

TOTAL GAUGE (ALL PUBLIC) : 300

- 100 seats on the bench.
- 100 on the ground (between the step and the edge of the stage then in continuity of the bench).
- 100 seats standing around the bench.

If possible, provide carpet for the audience sitting between the stands and the stage.

PLANNING:

Arrival of the team at D-1 (late afternoon)

Unloading, editing and adjustments on the day D: 3h

Disassembling the day D: 2h

Departure at D + 1

VARIOUS:

In case of bad weather, provide tarpaulins covering the entire surface of the stage and bleachers.

Lodges: Provision of a lodge equipped with a mirror and water near the place of play.
